

**SUPPLIERS' DECLARATION CONCERNING COMPLIANCE
WITH ROHS-DIRECTIVE 2011/65/EU**

We, Sapa Extrusion Nenzing GmbH, confirm hereby with legally binding effect that the

Blank, anodized and color coated aluminium profiles

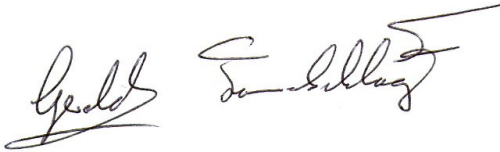

produced in the Nenzing plant

fulfill the requirements of **the EU directive RoHS 2011/65/EU**
in the currently valid version of 8. June 2011

regarding the restrictive use of certain hazardous materials in electric appliances.

We are aware of the legal requirement that possibly prohibited materials and materials subject to declaration have to be specified without prior request.

Nenzing, September 2014

Dr. Gerold Trommelschläger
Managing Director
